VC/angel deals between
2014-15

\$1.6 bn in
impact investing

StartUp Economy

But

Many entrepreneurs are excluded from the current start-up ecosystem

50%

Of India's enterprises are in tier 2 and 3 towns and cities with very little or no access to support and incubation

Most entrepreneurship ecosystems are concentrated in large cities making it difficult for entrepreneurs in other parts to access support

Large amount of capital is available to "investment-ready" enterprises

\$1 Bn

Of dry powder is sitting with angel and seed investors in India
